Short Environmental Assessment Form Part 1 - Project Information

Instructions for Completing

Part 1 – Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 – Project and Sponsor Information				
Name of Action or Project:				
Rezoning of Robinson St and Whitney Ave				
Project Location (describe, and attach a location map): Robinson St and Whitney Ave				
Brief Description of Proposed Action:				
Rezoning 9 parcels at the intersection of Whitney Ave and Robinson St from I-3 Heavy Indus	strial to C-1 Service Commerci	ial.		
Name of Applicant or Sponsor:	Telephone: 6077722028			
City of Binghamton	E-Mail: planning@cityofbinghamton.gov			
Address:				
38 Hawley St				
City/PO:	State:	Zip Code:		
Binghamton	NY	13901	1	
1. Does the proposed action only involve the legislative adoption of a plan, local administrative rule, or regulation?	al law, ordinance,	NO	YES	
If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.				
2. Does the proposed action require a permit, approval or funding from any other government Agency? NO YES			YES	
If Yes, list agency(s) name and permit or approval:				
3. a. Total acreage of the site of the proposed action? acres b. Total acreage to be physically disturbed? acres c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? acres				
4. Check all land uses that occur on, are adjoining or near the proposed action:				
	ial Residential (subu	rban)		
Forest Agriculture Aquatic Other(Specify):				
☐ Parkland				

a. A permitted use under the zoning regulations? b. Consistent with the adopted comprehensive plan? 6. Is the proposed action consistent with the predominant character of the existing built or natural landscape? 7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area? NO YES If Yes, identify: 8. a. Will the proposed action result in a substantial increase in traffic above present levels? b. Are public transportation services available at or near the site of the proposed action? c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action? 9. Does the proposed action meet or exceed the state energy code requirements? If the proposed action will exceed requirements, describe design features and technologies: 10. Will the proposed action connect to an existing public/private water supply? If No, describe method for providing potable water: 11. Will the proposed action connect to existing wastewater treatment: 12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory? 13. a. Does any portion of the Brise of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency? b. Would the proposed action physically alter, or encroach into, any existing wetlands or other waterbody and extent of claeractions in square feet or acres: If Yes, identify the wetland or waterbody and extent of alterations in square	5.	Is the proposed action,	NO	YES	N/A
No YES		a. A permitted use under the zoning regulations?			
6. Is the proposed action consistent with the predominant character of the existing built or natural landscape? 7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area? NO YFS If Yes, identify: 8. a. Will the proposed action result in a substantial increase in traffic above present levels? b. Are public transportation services available at or near the site of the proposed action? c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action? 9. Does the proposed action meet or exceed the state energy code requirements? NO YES If the proposed action will exceed requirements, describe design features and technologies: 10. Will the proposed action connect to an existing public/private water supply? NO YES If No, describe method for providing potable water: 11. Will the proposed action connect to existing wastewater utilities? If No, describe method for providing wastewater treatment: 12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? 12. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency? b. B. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?		b. Consistent with the adopted comprehensive plan?			
If Yes, identify:	6.	Is the proposed action consistent with the predominant character of the existing built or natural landscape?	1	NO	YES
If Yes, identify:					
8. a. Will the proposed action result in a substantial increase in traffic above present levels? b. Are public transportation services available at or near the site of the proposed action? c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action? 9. Does the proposed action meet or exceed the state energy code requirements? If the proposed action will exceed requirements, describe design features and technologies:	7.	Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?		NO	YES
8. a. Will the proposed action result in a substantial increase in traffic above present levels? b. Are public transportation services available at or near the site of the proposed action? c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action? 9. Does the proposed action meet or exceed the state energy code requirements? If the proposed action will exceed requirements, describe design features and technologies:	If Y	Yes, identify:		~	
8. a. Will the proposed action result in a substantial increase in traffic above present levels? b. Are public transportation services available at or near the site of the proposed action? c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action? 9. Does the proposed action meet or exceed the state energy code requirements? If the proposed action will exceed requirements, describe design features and technologies:				NO	YES
c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action? 9. Does the proposed action meet or exceed the state energy code requirements? 10. Will the proposed action connect to an existing public/private water supply? 11. Will the proposed action connect to an existing public/private water supply? 12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological site, or district or archaeological site, or any portion of the NYS State Historic Preservation Office (SHPO) archaeological site inventory? 13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency? b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?	8.	a. Will the proposed action result in a substantial increase in traffic above present levels?			
9. Does the proposed action meet or exceed the state energy code requirements? If the proposed action will exceed requirements, describe design features and technologies: 10. Will the proposed action connect to an existing public/private water supply? If No, describe method for providing potable water: If No, describe method for providing potable water: If No, describe method for providing wastewater utilities? If No, describe method for providing wastewater treatment: If No, describe method for providing wastewater utilities? NO YES If No, describe method for providing wastewater treatment: In No Wastewater treatment: In No Wastewater treatment is the commissioner of the National or State Register of Historic Places, or that has been determined by the Commissioner of the National or State Register of Historic Places, or that has been determined by the Commissioner of the National or State Register of Historic Places, or that has been determined by the Commissioner of the National or State Register of Historic Places, or that has been determined by the Commissioner of the National or State Register of Historic Places, or that has been determined by the Commissioner of the National or State Register of Historic Places, or that has been determined by the Commissioner of the National or State Register of Historic Places, or that has been determined by the Commissioner of the National or State Register of Historic Places, or that has been determined by the Commissioner of the National or State Register of Historic Places, or that has been determined by the Commissioner of the National or State Register of Historic Places, or that has been determined by the Commissioner of the National or State Register of Historic Places, or that has been determined by the Commissioner of the National or State Register of Historic Places, or that has been determined by the Commissioner of the National or State Register of Historic Places, or that has been determined by the Commissioner of the National or State Register o		b. Are public transportation services available at or near the site of the proposed action?			
If the proposed action will exceed requirements, describe design features and technologies:		action?			
10. Will the proposed action connect to an existing public/private water supply? If No, describe method for providing potable water: 11. Will the proposed action connect to existing wastewater utilities? If No, describe method for providing wastewater utilities? If No, describe method for providing wastewater treatment: 12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory? 13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency? b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?	9.	Does the proposed action meet or exceed the state energy code requirements?		NO	YES
If No, describe method for providing potable water: If No, describe method for providing wastewater utilities? Disclaimer: The EAF Mapper is a screening tool intended to assist project sponsors and reviewing agencies in preparing an environmental assessment form (EAF). Not all questions asked in the EAF are answered by the EAF Mapper. Additional information on any EAF question can be obtained by consulting the EAF Workbooks. Although the EAF Mapper provides the most up-to-date digital data available to DEC, you may also need to contact local or other data sources in order to obtain data not provided by the Mapper. Digital data is not a substitute for agency determinations.

Part 1 / Question 7 [Critical Environmental Area]	No
Part 1 / Question 12a [National or State Register of Historic Places or State Eligible Sites]	Yes
Part 1 / Question 12b [Archeological Sites]	Yes
Part 1 / Question 13a [Wetlands or Other Regulated Waterbodies]	Yes - Digital mapping information on local and federal wetlands and waterbodies is known to be incomplete. Refer to EAF Workbook.
Part 1 / Question 15 [Threatened or Endangered Animal]	No
Part 1 / Question 16 [100 Year Flood Plain]	Digital mapping data are not available or are incomplete. Refer to EAF Workbook.
Part 1 / Question 20 [Remediation Site]	Yes
