Introductory No. R21-57

Permanent No. R2157

**THE COUNCIL OF THE CITY OF BINGHAMTON
STATE OF NEW YORK**

Date: July 21, 2021

Sponsored by Council Members: Scaringi, Riley, Friedman, Burns, Strawn, Scanlon, Resciniti

Introduced by Committee: Planning

RESOLUTION

entitled

A RESOLUTION AUTHORIZING THE MAYOR
TO ENTER INTO AN AGREEMENT WITH THE
FIRST WARD ACTION COUNCIL FOR USE OF
CVY46 FUNDS TO SUPPORT AFFORDABLE
HOUSING DEVELOPMENT

WHEREAS, the Mayor of the City of Binghamton wishes to enter into an agreement with the First Ward Action Council for use of CVY46 funds to support affordable housing development; and

WHEREAS, the estimated cost for such services is not to exceed \$80,000.

NOW, THEREFORE, the Council of the City of Binghamton, duly convened in regular session, does hereby:

RESOLVE that the Mayor of the City of Binghamton, or his designee, is hereby authorized to enter into an agreement, approved as to form and content by the Office of Corporation Counsel, with the First Ward Action Council for use of CVY46 funds to support affordable housing development, at a cost not to exceed \$80,000; and that funds shall be deducted from budget line CD8760.535002.CVY46 (EDW - Program) for this purpose.

I HEREBY CERTIFY that the above described funds
are unencumbered and available

Chuck Shager, Comptroller

AMENDMENT FOR WATER CHARGES AND USE

This Amendment for Water Charges and Use dated as of this _____, day of December, 2021, by and between the Town of Vestal, New York, 605 Vestal Parkway West, Vestal NY 13850 (the "Town"), and the City of Binghamton, 38 Hawley Street, Binghamton, NY 13901 (the "City").

WHEREAS, on or about December 18, 1957, the Town and City entered into an Agreement regarding the location and construction of specified water infrastructure, the supply of water and consideration therefore including tax exemption for certain sewage treatment facilities, now known as the Binghamton Johnson City Joint Sewage Treatment Facilities ("BJCJSTF") to be located in the Town and operated by the City, and subsequently amended to be operated by the City and the Village of Johnson City; and

WHEREAS, the 1957 Agreement has been amended from time to time; and

WHEREAS, the Parties wish to further amend the Agreements regarding (i) charges for water and sewer and (ii) the supply of water from the City to the Town when requested.

NOW THEREFORE, based on the mutual promises herein, the Parties agree as follows:

1. As of January 1, 2022, the Town will have the exclusive right to bill the BJCJSTF for all water charges. Any outstanding water charges billed by the City for usage prior to January 1, 2022, will be paid to the City. Water charges billed the BJCJSTF by the Town prior to January 1, 2022 will be waived.
2. The City will provide water to the Town when requested in writing, via email or other writing, by the Town. The City will charge inside City user rates for the water so provided. As part of this agreement the Town may use up to 100,000 cubic feet (748,000 gallons) a month free of charge until December 31, 2026
3. The City will waive any prior charges for water provided to the Town, and in particular, waives a water bill dated April 1, 2020, and all related late fees and interest, in the amount of \$ 5,000.60.
4. Except as set forth herein, the 1957 Agreement, as previously amended, remains in full force and effect.
5. Notwithstanding the foregoing, this Agreement is contingent upon the agreement of the BJCJSTF to the provisions of item (1) above and will be bound thereby.

6- WORKING ON WATER ONLY SECTION

IN WITNESS WHEREOF, the parties have executed this Amendment for Water Charges and Use as of the date set forth above.

Smart Growth Screening Tool

PIN S000.00.201

Prepared By:

Smart Growth Screening Tool (STEP 1)

NYSDOT & Local Sponsors – Fill out the Smart Growth Screening Tool until the directions indicate to **STOP** for the project type under consideration. For all other projects, complete answering the questions. For any questions, refer to [Smart Growth Guidance](#) document.

Title of Proposed Project: City of Binghamton

Location of Project: Chapman Street between Pine Street and Court Street (US 11)

Brief Description: Buried water line within NYS Right-of-Way of Chapman Street

A. Infrastructure:

Addresses SG Law criterion a. –

(To advance projects for the use, maintenance or improvement of existing infrastructure)

1. Does this project use, maintain, or improve existing infrastructure?

Yes

No

N/A

Explain: (use this space to expand on your answers above – the form has no limitations on the length of your narrative)

The buried water line is described on the site plan as follows: 'Tie into existing 12" water main with tapping sleeve and valve". So, this will be an additional use of existing infrastructure of the 12" water main to support the water needs of a new City fire department building to be built close by (within less than 2-00') on existing City of Binghamton property located on the same block at 235 Court Street.

Maintenance Projects Only

a. Continue with screening tool for the four (4) types of maintenance projects listed below, as defined in **NYSDOT PDM Exhibit 7-1 and described in 7-4:**

<https://www.dot.ny.gov/divisions/engineering/design/dqab/pdm>

- Shoulder rehabilitation and/or repair;
- Upgrade sign(s) and/or traffic signals;
- Park & ride lot rehabilitation;

Smart Growth Screening Tool

- 1R projects that include single course surfacing (inlay or overlay), per Chapter 7 of the NYSDOT Highway Design Manual.

b. For all other maintenance projects, **STOP here**. Attach this document to the programmatic [Smart Growth Impact Statement](#) and [signed Attestation](#) for Maintenance projects.

For all other projects (**other than maintenance**), continue with screening tool.

B. Sustainability:

NYSDOT defines Sustainability as follows: A sustainable society manages resources in a way that fulfills the community/social, economic and environmental needs of the present without compromising the needs and opportunities of future generations. A transportation system that supports a sustainable society is one that:

- Allows individual and societal transportation needs to be met in a manner consistent with human and ecosystem health and with equity within and between generations.
- Is safe, affordable, and accessible, operates efficiently, offers choice of transport mode, and supports a vibrant economy.
- Protects and preserves the environment by limiting transportation emissions and wastes, minimizes the consumption of resources and enhances the existing environment as practicable.

For more information on the Department's Sustainability strategy, refer to Appendix 1 of the Smart Growth Guidance and the NYSDOT web site, www.dot.ny.gov/programs/greenlites/sustainability

(Addresses SG Law criterion j : to promote sustainability by strengthening existing and creating new communities which reduce greenhouse gas emissions and do not compromise the needs of future generations, by among other means encouraging broad based public involvement in developing and implementing a community plan and ensuring the governance structure is adequate to sustain and implement.)

1. Will this project promote sustainability by strengthening existing communities?

Yes No N/A

2. Will the project reduce greenhouse gas emissions?

Yes No N/A

Explain: (use this space to expand on your answers above)

The water line is being placed at this location to help enable the existence of the planned fire department building to be built on the neighboring city-owned parcel. NYSDOT is in the process of granting the parcel of break-in-access (\$1PW) onto Chapman Street as an improvement to the transportation system of the traffic in this section of the City, placing emergency vehicles away from the State Street Bridge entrance that experiences high general traffic volume .

Smart Growth Screening Tool

C. Smart Growth Location:

Plans and investments should preserve our communities by promoting its distinct identity through a local vision created by its citizens.

(Addresses SG Law criteria b and c: to advance projects located in municipal centers; to advance projects in developed areas or areas designated for concentrated infill development in a municipally approved comprehensive land use plan, local waterfront revitalization plan and/or brownfield opportunity area plan.)

1. Is this project located in a developed area?

Yes No N/A

2. Is the project located in a municipal center?

Yes No N/A

3. Will this project foster downtown revitalization?

Yes No N/A

4. Is this project located in an area designated for concentrated infill development in a municipally approved comprehensive land use plan, waterfront revitalization plan, or Brownfield Opportunity Area plan?

Yes No N/A

Explain: (use this space to expand on your answers above)

This project will foster downtown revitalization as it is a necessary step to allow for the planned building of a new fire department building and parking area. This new development will be a vital re-use of a long dormant physical space and property area located within a large portion of the densely populated mixed land use that is present in this section of the downtown core of the City of Binghamton.

D. Mixed Use Compact Development:

Future planning and development should assure the availability of a range of choices in housing and affordability, employment, education transportation and other essential services to encourage a jobs/housing balance and vibrant community-based workforce.

(Addresses SG Law criteria e and i: to foster mixed land uses and compact development, downtown revitalization, brownfield redevelopment, the enhancement of beauty in public spaces, the diversity and affordability of housing in proximity to places of employment, recreation and commercial

Smart Growth Screening Tool

development and the integration of all income groups; to ensure predictability in building and land use codes.)

1. Will this project foster mixed land uses?
Yes No N/A
2. Will the project foster brownfield redevelopment?
Yes No N/A
3. Will this project foster enhancement of beauty in public spaces?
Yes No N/A
4. Will the project foster a diversity of housing in proximity to places of employment and/or recreation?
Yes No N/A
5. Will the project foster a diversity of housing in proximity to places of commercial development and/or compact development?
Yes No N/A
6. Will this project foster integration of all income groups and/or age groups?
Yes No N/A
7. Will the project ensure predictability in land use codes?
Yes No N/A
8. Will the project ensure predictability in building codes?
Yes No N/A

Explain: (use this space to expand on your answers above)

E. Transportation and Access:

NYSDOT recognizes that Smart Growth encourages communities to offer a wide range of transportation options, from walking and biking to transit and automobiles, which increase people's access to jobs, goods, services, and recreation.

(Addresses SG Law criterion f: to provide mobility through transportation choices including improved public transportation and reduced automobile dependency.)

Smart Growth Screening Tool

1. Will this project provide public transit?

Yes No N/A

2. Will this project enable reduced automobile dependency?

Yes No N/A

3. Will this project improve bicycle and pedestrian facilities (such as shoulder widening to provide for on-road bike lanes, lane striping, crosswalks, new or expanded sidewalks or new/improved pedestrian signals)?

Yes No N/A

(Note: Question 3 is an expansion on question 2. The recently passed Complete Streets legislation requires that consideration be given to complete street design features in the planning, design, construction, reconstruction and rehabilitation, but not including resurfacing, maintenance, or pavement recycling of such projects.)

Explain: (use this space to expand on your answers above)

Sidewalk improvement along Chapman Street between Pine St and Court St (US 11) and a limited section of Pine Street around the to-be-installed underground sanitary line connection located approximately 200' +/- east of the southeast corner of Chapman Street and Pine Street.

F. Coordinated, Community-Based Planning:

Past experience has shown that early and continuing input in the transportation planning process leads to better decisions and more effective use of limited resources. For information on community based planning efforts, the MPO may be a good resource if the project is located within the MPO planning area.

(Addresses SG Law criteria g and h: to coordinate between state and local government and inter-municipal and regional planning; to participate in community based planning and collaboration.)

1. Has there been participation in community-based planning and collaboration on the project?

Yes No N/A

2. Is the project consistent with local plans?

Yes No N/A

3. Is the project consistent with county, regional, and state plans?

Yes No N/A

Smart Growth Screening Tool

4. Has there been coordination between inter-municipal/regional planning and state planning on the project?

Yes No N/A

Explain: (use this space to expand on your answers above)

G. Stewardship of Natural and Cultural Resources:

Clean water, clean air and natural open land are essential elements of public health and quality of life for New York State residents, visitors, and future generations. Restoring and protecting natural assets, and open space, promoting energy efficiency, and green building, should be incorporated into all land use and infrastructure planning decisions.

(Addresses SG Law criterion d :To protect, preserve and enhance the State’s resources, including agricultural land, forests surface and ground water, air quality, recreation and open space, scenic areas and significant historic and archeological resources.)

1. Will the project protect, preserve, and/or enhance agricultural land and/or forests?

Yes No N/A

2. Will the project protect, preserve, and/or enhance surface water and/or groundwater?

Yes No N/A

3. Will the project protect, preserve, and/or enhance air quality?

Yes No N/A

4. Will the project protect, preserve, and/or enhance recreation and/or open space?

Yes No N/A

5. Will the project protect, preserve, and/or enhance scenic areas?

Yes No N/A

6. Will the project protect, preserve, and/or enhance historic and/or archeological resources?

Yes No N/A

Explain: (use this space to expand on your answers above)

Smart Growth Screening Tool

The project of installing a new water line into the existing water main located within an urbanized section of the City of Binghamton does not fundamentally alter, or overburden the existing infrastructure, nor does it produce pollution. It complies with existing environmental rules and regulations.

Smart Growth Screening Tool

Smart Growth Impact Statement (STEP 2)

NYS DOT: Complete a Smart Growth Impact Statement (SGIS) below using the information from the Screening Tool.

Local Sponsors: The local sponsors are **not** responsible for completing a Smart Growth Impact Statement. Proceed to **Step 3**.

Smart Growth Impact Statement

PIN: S000.00.201

Project Name: Water Line Installation to support new Binghamton Fire Department location

Pursuant to ECL Article 6, this project is compliant with the New York State Smart Growth Public Infrastructure Policy Act. This project has been determined to meet the relevant criteria, to the extent practicable, described in ECL Sec. 6-0107. Specifically, the project:

- This project to install is a new water line to provide water service to a new fire department building and development that were both located in a developed and urbanized section of the City of Binghamton.
- The project will result in sidewalk improvements sidewalk along Chapman Street and a smaller section of Pine Street.
- The project is consistent with local and state plans including NYS DOT plans AND objectives for the transportation system.
-
-
-

This publically supported infrastructure project complies with the state policy of maximizing the social, economic and environmental benefits from public infrastructure development. The project will not contribute to the unnecessary costs of sprawl development, including environmental degradation, disinvestment in urban and suburban communities, or loss of open space induced by sprawl.

Smart Growth Screening Tool

Review & Attestation Instructions (STEP 3)

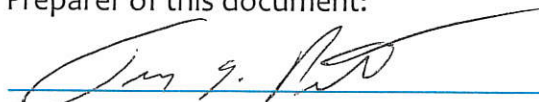

Local Sponsors: Once the Smart Growth Screening Tool is completed, the next step is to submit the project certification statement (**Section A**) to Responsible Local Official for signature. After signing the document, the completed Screening Tool and Certification statement should be sent to NYSDOT for review as noted below.

NYSDOT: For state-let projects, the Screening Tool and SGIS is forwarded to Regional Director/ RPPM/Main Office Program Director or designee for review, and upon approval, the attestation is signed (**Section B.2**). For locally administered projects, the sponsor's submission and certification statement is reviewed by NYSDOT staff, the appropriate box (**Section B.1**) is checked, and the attestation is signed (Section B.2).

A. CERTIFICATION (LOCAL PROJECT)

I HEREBY CERTIFY, to the best of my knowledge, all of the above to be true and correct.

B. ATTESTATION (NYSDOT)

1. I HEREBY:

Concur with the above certification, thereby attesting that this project is in compliance with the State Smart Growth Public Infrastructure Policy Act

Concur with the above certification, with the following conditions (information requests, confirming studies, project modifications, etc.):

(Attach additional sheets as needed)

do not concur with the above certification, thereby deeming this project ineligible to be a recipient of State funding or a subrecipient of Federal funding in accordance with the State Smart Growth Public Infrastructure Policy Act.

2. **NOW THEREFORE**, pursuant to ECL Article 6, this project is compliant with the New York State Smart Growth Public Infrastructure Policy Act, to the extent practicable, as described in the attached Smart Growth Impact Statement.
