**State Environmental Quality Review**  
**NEGATIVE DECLARATION**  
**Notice of Determination of Non-Significance**

**Project Number:** None

**Date:** December 8, 2021

This Notice is issued pursuant to Part 617 of the implementing regulations pertaining to Article 8 (State Environmental Quality Review Act) of the Environmental Conservation Law. The City of Binghamton City Council as lead agency has determined that the proposed action described below will not have a significant effect on the environment and a Draft Environmental Impact Statement will not be prepared.

**Name of Action:** Sale of 110 Park Ave., Binghamton, New York.

**SEQR Status:** Type 1        
Unlisted             

**Conditioned Negative Declaration:** Yes        
No                     

**Description of Action:**

The City of Binghamton is transferring 110 Park Ave., Binghamton, New York, Tax Parcel No. 176.32-3-7, to Jake A. Brigham.

**Location:** 110 Park Ave., Binghamton, New York.

**Reasons Supporting This Determination:**

The lead agency has determined that the action will not have a significant adverse impact on the environment for the following reasons:

This is a vacant lot in a residential area. The Purchaser owns the adjoining property at 108 Park Ave. The proposed use is green space. The transfer will preserve green space and provide for future maintenance. This transfer is made as part of the City's Side-Lot program. The action will not produce a substantial adverse change in existing air quality, ground or surface water quality or quantity, traffic or noise levels; a substantial increase in solid waste production, a substantial increase in potential for erosion, flooding, leaching or drainage problems. The action will not involve the removal or destruction of large quantities of vegetation or fauna; substantial interference with the movement of any resident or migratory fish or wildlife species; impacts on a significant habitat area; substantial adverse impacts on a threatened or endangered species of animal or plant or the habitat of such a species; or other significant adverse impacts to natural resources. The action will not cause the impairment of the environmental characteristics of a Critical Environmental Area as designated pursuant to 6 NYCRR 617.14 (g). The action will not create a material conflict with a community's current plans or goals as officially approved or adopted. The action will not impair the character or quality of important historical, archaeological, architectural, or aesthetic resources or of existing community or neighborhood character. The action will not cause a major change in the use of either the quantity or type of energy. The action will not create a hazard to human health. The action will not cause a substantial change in the use or intensity of use of land including agriculture, open space or recreation resources, or in its capacity to support existing uses. The action will not change two or more elements of the environment, no one of which has a significant impact on the environment, but when considered together results in a substantial adverse impact on the environment. Impacts from the action may combine with impacts of other, possible independent actions in the vicinity. The lead agency finds that when considered cumulatively such combination will not create a significant adverse impact on the environment.
