ORDINANCE

entitled

**AN ORDINANCE AUTHORIZING THE
ABANDONMENT OF 75-77 GRISWOLD
STREET AS PUBLIC PROPERTY**

WHEREAS, General City Law § 20 authorizes a City to hold and administer real property;
and

WHEREAS, the Council duly advertised and held a public hearing on February 9, 2022,
regarding the abandonment of 75-77 Griswold Street as a City Street; and

WHEREAS, the Council has determined that 75-77 Griswold Street is no longer necessary
for public use because it fronts on only two parcels, both of which have alternative access points
to a public ROW, and it receives no through traffic and serves no purpose for the general public.

NOW, THEREFORE, the Council of the City of Binghamton, duly convened in regular
session, does hereby ordain as follows:

Section 1. That 75-77 Griswold Street is no longer necessary for public use.

Section 2. That the Mayor and the Commissioner of Public Works are authorized to take
the necessary action to properly discontinue 75-77 Griswold Street as a City Street, including a
reservation of utility or other easements as may be deemed necessary.

Section 3. That this Ordinance shall take effect immediately.

Section 2. That this Ordinance shall take effect immediately.

State Environmental Quality Review
NEGATIVE DECLARATION
Notice of Determination of Non-Significance

Project Number: None

Date: February 23, 2022

This Notice is issued pursuant to Part 617 of the implementing regulations pertaining to Article 8 (State Environmental Quality Review Act) of the Environmental Conservation Law.

The City of Binghamton City Council as lead agency has determined that the proposed action described below will not have a significant effect on the environment and a Draft Environmental Impact Statement will not be prepared.

Name of Action: Sale of the portion of Griswold Street north of E. Frederick Street, Binghamton, New York.

SEQR Status: Type 1
 Unlisted

Conditioned Negative Declaration: Yes
 No

Description of Action:

The City of Binghamton is transferring the portion of Griswold Street that lies north of the intersection with E. Frederick Street (no tax map ID) to KLAW Industries LLC.

Location: Portion of Griswold Street that lies north of the intersection with E. Frederick Street, Binghamton, New York.

Reasons Supporting This Determination:

The lead agency has determined that the action will not have a significant adverse impact on the environment for the following reasons:

This is an unused segment of street and no physical changes to the land are proposed at this time. The Purchaser owns the adjoining parcel at 75 Griswold St. (144.76-2-1) and the purchased land will be annexed to said parcel. The purchase will allow the industrial user at 75 Griswold St to safely maneuver heavy vehicles on site, without backing into a public ROW.

The action will not produce a substantial adverse change in existing air quality, ground or surface water quality or quantity, traffic or noise levels; a substantial increase in solid waste production, a substantial increase in potential for erosion, flooding, leaching or drainage problems.

The action will not involve the removal or destruction of large quantities of vegetation or fauna; substantial interference with the movement of any resident or migratory fish or wildlife species; impacts on a significant habitat area; substantial adverse impacts on a threatened or endangered species of animal or plant or the habitat of such a species; or other significant adverse impacts to natural resources.

The action will not cause the impairment of the environmental characteristics of a Critical Environmental Area as designated pursuant to 6 NYCRR 617.14 (g).

The action will not create a material conflict with a community's current plans or goals as officially approved or adopted.

The action will not impair the character or quality of important historical, archaeological, architectural, or aesthetic resources or of existing community or neighborhood character.

The action will not cause a major change in the use of either the quantity or type of energy.

The action will not create a hazard to human health.

The action will not cause a substantial change in the use or intensity of use of land including agriculture, open space or recreation resources, or in its capacity to support existing uses.

The action will not change two or more elements of the environment, no one of which has a significant impact on the environment, but when considered together results in a substantial adverse impact on the environment.

Impacts from the action may combine with impacts of other, possible independent actions in the vicinity. The lead agency finds that when considered cumulatively such combination will not create a significant adverse impact on the environment.
