Upon the deposit of such a coin and the setting of the timing mechanism in operation when so required, the parking space may be lawfully occupied by such vehicle during the period of time which has been prescribed, provided that any person placing a vehicle in a parking meter space adjacent to a meter which indicates that unused time has been left in the meter by the previous occupant of the space shall not be required to deposit a coin so long as his occupancy of said space does not exceed the indicated unused parking time. If such vehicle shall remain parked or left standing in any such parking space beyond the time limit set for such parking space and if the meter shall indicate such illegal parking, then and in that event such vehicle shall be considered as parked or standing overtime and beyond the period of legal parking or standing time, and such parking or standing shall be deemed a violation of this ordinance. It shall be unlawful and an offense for any person to keep, allow, permit or suffer any such vehicle registered in his name to be parked or left standing overtime or beyond the lawful period of time set for such space.
- B. It shall be unlawful and an offense for any person to deposit or cause to be deposited in a parking meter a coin or coins for the purpose of extending the parking or standing time beyond the time fixed by this ordinance for parking or standing in a parking space alongside of or next to which said parking meter is placed.
- C. It shall be unlawful and an offense for any person to permit a vehicle to remain or to be placed in any parking space alongside of or next to which any parking meter is placed while said meter is displaying a signal showing that such vehicle shall have been already parked or standing beyond the period of time fixed by this ordinance for such parking space.
- D. It shall be unlawful and an offense for any person to permit a vehicle to remain or to be placed in any parking space on streets herein before set forth in §43 longer than fifteen (15) minutes, on the streets herein before set forth in §44 hereof longer than sixty (60) minutes, and on the streets herein before set forth in §45.1 hereof longer than two hundred forty (240) minutes.

- B. Each such police officer shall also attach to such vehicle a notice to the owner thereof that such vehicle has been parked in violation of a provision of this ordinance and instructing such owner to report at the City Court of the City of Binghamton in regard to such violation. Each such owner may, within two (2) days of the time when such notice was attached to such vehicle, pay the City Court of the City of Binghamton as a penalty for and in full satisfaction of such violation an amount equivalent to one dollar (\$1.00) multiplied by the number of periods of parking time established as the legal limit for such parking space and during which said vehicle occupied such parking space in violation of any of the provisions of this ordinance. The failure of such owner to make such payment to the City Court of the City of Binghamton within said two (2) days shall render such owner subject to the penalties herein after provided for a violation of the provisions of this ordinance.

§48. Manner of parking.

Any vehicle parked in any parking space in any parking meter zone shall be parked with the hood of such vehicle alongside of or next to the parking meter alongside of such parking space in parallel parking spaces, and with the radiator directed at said meter in diagonal parking spaces, and in either event shall be parked within the lines marked on the street for such parking purposes, as herein after provided.

The primary list shall contain the names and phone numbers of towers with businesses established within the City of Binghamton, and are therefore able to respond from within the City of Binghamton, and who additionally meet all other requirements set forth below. The secondary list shall be made up of all towers who do not have a place of business within the City of Binghamton, but meet all of the other requirements set forth below.

§86. Priority of calls.

Due to the need for prompt removal of vehicles when a police request is made for a tower, all such police requests shall be responded by the dispatcher's utilization of the primary list. Only if businesses on the primary list cannot meet the requirements of the dispatch request (i.e., lack of availability of sufficient vehicles, inability to meet reasonable response time, etc.) shall the dispatchers then utilize the secondary list. The order of names on both primary and secondary towing lists shall be rotated on a weekly basis.

§87. Additional eligibility requirements.

The additional requirements for placement on the primary and secondary lists shall be as follows:

- A. The towing firm must have a minimum insurance liability policy of one million dollars (\$1,000,000.00) protecting their activities while operating within the City of Binghamton. particular tower from the primary or secondary towing lists. Any suspension or revocation may be appealed by filing written notice of appeal with the Commissioner of Public Safety within ten (10) days of the date of the notice of suspension or revocation. Determination of appeals shall be made by the Commissioner of Public Safety or her designee within thirty (30) days of receipt of the appeal.

Each towing firm on the primary or secondary lists must supply the owner/operator of a vehicle who is at the scene with a card containing its business name, address, phone number, hours of operation and a summary of the expected charges.

§90. Owners performance.

Nothing within this Article shall prevent a vehicle owner from choosing to call a tower who is not on the city towing list; provided, however, that should that tower be unable to respond in what the police officer at the scene feels is a reasonable period of time, and the police officer at the scene has safety concerns regarding the vehicle's location, the officer may supersede the desires of the owner and call a tower based upon the lists.

§91. Documentation of requirements.

All towers desiring to be on the primary or secondary lists must provide the City Police Bureau with proof of all of the requirements set forth herein in advance of the effective date of this Article.
